

GGP x Take-Two · One-Pager

July 2026 to July 2027 · Renew the baseline, expand with the Directory

To: Alan Lewis, Chair, Take-Two Charitable Giving Committee
From: Gordon Bellamy, CEO, Gay Gaming Professionals; Professor of the Practice, USC

Two parts. First, renew the baseline that already works, now as clear, separate line items. Second, expand with the **Directory**, our highest-priority new asset, launching this summer with Take-Two as named launch partner.

BASELINE · RENEW

\$55,000 in direct support, plus the Tour you already host

- **GGP Scholars — \$30,000.** Dedicated support for our flagship cohort.
- **CYSTEM Scholars — \$25,000.** Take-Two as a valued co-funder of our top graduate scholars from USC, CMU, and NYU, alongside the Bigglesworth and Houser foundations.
- **2K Studio Tour at GDC — in-kind.** Take-Two continues to cover the transportation and coordination that bring the GGP and CYSTEM scholars to the tour.

EXPANSION · PRIORITY

\$45,000

- **The Directory — \$40,000.** The US Video Game Education and Scholars Pipeline, launching at gaygamingpros.org/directory, with a donor dashboard and an AI-readiness overlay.
- **AI Readiness Track — \$5,000.** “AI in the Studio” module plus Take-Two engineer office hours.

Options

Option	Investment	What it is
A · Renew the Baseline	\$55,000	GGP Scholars (\$30K) + CYSTEM Scholars (\$25K). The floor, plus the 2K Tour you already make possible.
B · Baseline + Directory + AI ☆	\$100,000	Everything in A, plus the Directory (\$40K) and the AI Readiness Track (\$5K).
C · Flagship	\$125,000	Option B plus the Collegiate Games Challenge 2027 sponsorship.

Add-on, any tier: sponsor the **Collegiate Games Challenge 2027**, our national university competition, for **\$25,000**.

Recommendation: Option B · \$100,000

What Option B delivers

- The Directory launches publicly by Pride 2026, with a launch press cycle and the top programs verified; quarterly refresh after
- The GGP Scholars flagship cohort supported for the year
- The CYSTEM graduate cohort (USC, CMU, NYU) co-funded, with 1-on-1 Take-Two ERG mentors
- GGP and CYSTEM scholars at the 2K Studio Tour and Breakfast at GDC 2027

- The “AI in the Studio” module delivered to the cohort

What we need from Take-Two

- Alan as point person, with a 2K and Zynga ERG liaison
- Launch-partner brand approval for the Directory
- ERG access: mentors for the cohort and 1 to 2 AI engineer office hours
- MOU and contract. Option B in three tranches: 50% kickoff (July 2026), 25% Directory launch, 25% GDC 2027

Soon, and separate: our GGP Scholars brunch is Monday, July 20 in NYC, the day after the World Cup Final (venue confirming). Alan, you are invited, and if there is anything we could do with the scholars at Take-Two that day, we will build the day around it.

Built to be shared with the Take-Two Charitable Giving Committee. The Directory is the asset this proposal puts in your committee's hands.

Next step: a 30-minute call at the next EXCELLENCE cadence to confirm Option B or remix.
